Passing of 10 years left Arkansas cities about the same in the population standings.

North Little Rock climbed past Fort Smith into second place and Fayetteville dropped from seventh to 11th, permitting Jonesboro, Blytheville and Texarkana to advance to seventh, eighth and ninth respectively. West Memphis replaced Fayetteville in the top 10 as the 10th place city.

Little Rock remained in the No. 1 position with 108,245. It was first in 1950 with 102,213.

Pine Bluff held fourth place and El Dorado is expected to remain in fifth, although 1960 figures for the resort city are not available. El Dorado retained sixth ranking.

Here is the top 10, with 1960 population and 1950 population in parentheses:

1. Little Rock 108,245 (102,213)
2. North Little Rock 55,286 (44,097)

3. Fort Smith 52,455 (47,942)

U.S. Plane Was
Forced Down
by Red Fighters

WIESBADEN, Germany (AP)—Six Soviet MIG jets fired machine gun bursts to force a U.S. Air Force transport plane to land in East Germany last Friday. Then the Russians went out of their way to make the nine Americans aboard comfortable.

"The Russians helped us out in any way they could for our comfort," the pilot of the C47, Capt. James Lundy of Pindlay, Ohio, told a news conference today.

Russian interrogators only casually mentioned the U2 spy plane, the incident that has plunged U.S.-Soviet relations to a new low, Lundy said. At no time did the Russians try to connect the U2 incident with the C47, he added.

Lundy, grounded by the Air Force after his return, blamed false wind information for straying into East Germany.

"There was no indication that we were off course until the MIGs appeared," Lundy said. "There was no doubt in my mind but that they wanted us to land."

The machine gun fire did not hit the C47.

The other eight Americans reported food and treatment good. Put up at Soviet headquarters, the men played volleyball with the Russians. The one woman passenger was visited by a Soviet officer's wife.

The C47 and its crew of six and three passengers reached Wiesbaden Wednesday night after the Russians allowed the plane to take off from the muddy field.

Ike Promises
to Cooperate in
Summit Probe

WASHINGTON (AP)—President Eisenhower today pledged full cooperation with congressional inquiries into the summit conference collapse.

The President talked with the leaders of both parties at a White House breakfast. After the session Senate Democratic Leader Lyndon B. Johnson of Texas quoted Eisenhower as saying the planned investigations at the Capitol have his full approval.

Eisenhower called in the Democratic and Republican chiefs for a briefing on the background of the Paris summit collapse. The congressional leaders provided no immediate detail but presumably the general outline was much the same as the President's radio-television report to the nation.

Johnson's report that Eisenhower pledged full cooperation with congressional inquiry committees was echoed by Sen. Everett M. Dirksen of Illinois, the GOP leader.

Dirksen added that the President appreciated the bipartisan backing he has received and made "a plea for unanimity of spirit and feeling."

Some of the other legislators who attended, who asked not to be quoted by name, described the discussion as friendly and general.

Johnson called the breakfast session a very enjoyable meeting. He said those present were invited to ask questions, and did so.

Sen. J. William Fulbright (D-Ark) chairman of the Senate Foreign Relations Committee, outlined for the President the plans for his group's inquiry, which will start Friday. Johnson also referred to investigations planned by other congressional committees.

"We are all in this together, and we are treating mistakes as errors," Johnson said.

"Our big objective is to bring about American solidarity," Eisenhower invited 10 senators and 13 House members to a breakfast of oatmeal, scrambled eggs, ham and bacon.

In addition to Johnson, Dirksen, and Fulbright, those invited were Sens. Carl Hayden (D-Ariz); Styles Bridges (R-NH); Richard B. Russell (D-Ga); Leverett Saltonstall (R-Mass); Alexander Wiley (R-Wis); Thomas H. Kuchel (R-Calif); and Mike Mansfield (D-Mont).

House Speaker Sam Rayburn (D-Tex); and Reps. John McCormack (D-Mass); Charles A. Halleck (R-Ind); Clarence Cannon (D-Mo); John Taber (R-NY); Carl Vinson (D-Ga); Leslie C. Arends (R-Ill); Thomas E. Morgan (D-Pa); Robert B. Chipperfield (R-Ill); John W. Byrnes (R-Wis); Charles B. Hooven (R-Iowa); Carl Albert (D-Okl); and Leo Allon (R-Ill).

Also on hand were Secretary of State Christian A. Herter, Secretary of Defense Thomas S. Gates Jr., and Undersecretary of State Livingston T. Merchant.

In the broadcast Wednesday night, Eisenhower called for "reason and common sense." He defended the flight of the U2 spy plane.

Smith visited Stuttgart as guest of L. C. Carter, general manager of the Arkansas Rice Growers Cooperative.

He said the U.S. now exports to Indonesia about 75,000 tons of rice a year, but that the 90 million Indonesians consume about a pound of rice daily.

Leaders of the National Assn. for the Advancement of Colored People said they expect other Negro students who sought admission to Central, Hall or still-white Technical High to ask for reassignment under state pupil placement laws.

The board used the federal court-approved placement laws, which do not mention race in making the selections.

Prescott Claim
Poses an Issue

LITTLE ROCK (AP)—A claim filed by Mrs. Donald Muse of Prescott raises the question of whether a public school teacher is a state employee and covered by workmen's compensation laws.

Mrs. Muse's husband, a coach and instructor in the Prescott school system, died of a heart attack at a coaching clinic in Fayetteville last month. Her claim to the Workmen's Compensation Commission asks \$12,500 plus \$250 in funeral expenses.

In the past the Commission has held that only persons employed directly by the state are covered. Commission officials said a decision in the case, first of its kind, will set a precedent.

100,000 Japs
Shout, 'Ike,
Don't Come'

By JAMES CARY

TOKYO (AP)—A hundred thousand Japanese besieged the Parliament Building until far in the night Thursday, demonstrating against the new military alliance with the United States and imprisoning Prime Minister Nobusuke Kishi inside the building.

It was the most massive of the demonstrations staged daily since the lower house of Parliament ratified the new U.S.-Japan mutual defense treaty last Wednesday.

Minutes later Gromyko plunged into his council speech, pressing for a condemnation of the United States for the May 1 flight over Soviet territory. The council was expected to reject the Soviet demand later in the day.

Shouts of "Ike don't come!" and "Down with Prime Minister Kishi!" filled the air. The demonstration was organized by the Socialist party, Kishi's chief opposition in Parliament, and the leftist Shoyu Labor Federation.

In a selling lit by news photographers' flashes, police lanterns and flares, black-uniformed columnns of the Radical Students' Federation, "Gengakuro" snake-dancers, screamed rhythmically and smashed into police lines guarding the building.

Speakers harangued the mob over loudspeakers.

Earlier demonstrators adopted a resolution accusing America of imperialism, calling on the U.S. Congress not to ratify the security treaty, and opposing President Eisenhower's trip to Japan.

He is scheduled to arrive June 19. The treaty becomes effective that day unless the upper house of Parliament ratifies it sooner.

This was the most massive protest against the security treaty since it was ratified. Japanese Socialist and Communist parties are trying to force dissolution of Parliament before the treaty takes effect, thus voiding it.

From Parliament, about 10,000 demonstrators surged down the street to the American Embassy, shouting and chanting rhythmically in a wild scene of swaying red banners and deafening noise. No effort was made to enter.

The protest was marked by other demonstrations across the nation and short strikes. It was the largest since daily demonstrations began with the May 20 ratification and was considered by some the largest since the violent 1952 May Day riot.

The Socialists are demanding that Kishi resign, that Eisenhower cancel or postpone his visit next month and that the Diet be dissolved to nullify the treaty ratification before it automatically takes effect June 19.

Kishi has said he would not resign or dissolve parliament until the ratification is accomplished.

The Socialists contend continuance of American bases in Japan, provided for in the treaty, will involve the country in war if the United States gets in a fight in the Far East.

Kishi's Liberal-Democrat majority in the House of Councilors meanwhile voted a

DOROTHY DIX

When It's Time to Start Anew

Dear Dorothy Dix:

I have raised seven children and looked after a blind mother-in-law for five years before she died at the age of 80. My husband was an only child and took over the homestead when he became of age. He contracted arthritis two years ago. This winter he went to a clinic while I looked after the business, a dairy farm with 18 to 20 cows milking. I am 40 and expected to run the milking. I'm milking 20 cows at present. I've done this for 30 years. My husband is 64 but feels he doesn't want to part with his way of life. Our four sons have all left home. We still have two teen-age daughters in high school and a four-year-old. Last summer I enrolled for a business course. My husband wouldn't hear of my working away from home. He said it I did he would get a separation. I gave in for my girls' sake but feel I can't carry on much longer.

A barrier is growing stronger between my husband and myself as the days go by. I've never heard him say he loved me since we married. Now it just doesn't matter any more. —Bewildered

Dear Bewildered: Take heart. It is darkest before dawn. The time has come for you and your husband to make a change. Certainly neither he, nor you, nor a woman of 40, should continue to wrestle with the physical chores on a big dairy farm. Sell while it still produces and if your husband clings to the land, let him invest in a more benign climate. The section of Canada in which you live, though beautiful, is no place for a victim of arthritis. Your husband would lead a healthy, happy useful life as a warmer, sunnier country. Puerto Rico would be a veritable fountain of youth for him. The farm is lush, the cattle plump (dairy farming is a major occupation) and, if you live and work on the island, the taxes are small. My husband and I visited Puerto Rico last winter and have been singing its praises ever since. Write the Puerto Rican Chamber of Commerce for more information. Even the planning of such a move will open up a new and exciting world for you both.

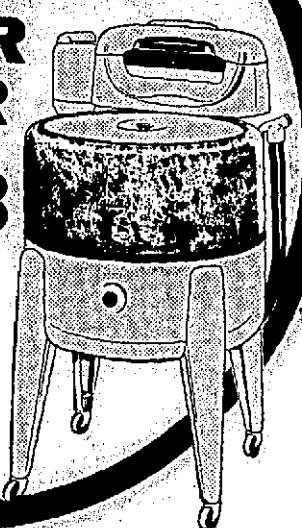

Send your problem to Dorothy Dix. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

We want to express our deep appreciation to all who joined in the effort to save our loved one's life, to those who helped us in anyway, to all who offered to help and to each one who expressed their sympathy. We have not been able to thank every one in person and so take this means to tell you your kindness was a comfort that will not be forgotten.

Giants Take 2 From Phils to Regain Lead

By ED WILKS

Associated Press Sports Writer

There was nothing wrong with the San Francisco Giants that a two-game series with the Philadelphia Phillies couldn't cure.

They went into Philadelphia in second place. Sam Jones, their right-handed ace won the opener with a four-hit shutout that put the Giants back in the National League lead. Wednesday night the Giants made it a sweep behind Mike McCormick, winning 5-1 in a game cut to eight innings by rain and picking up a one-game lead over second place Pittsburgh.

Los Angeles swept a three-game series against the second place Pirates with a 5-1 decision on three home runs—one a 550-foot wallop by rookie Frank Howard.

The St. Louis Cardinals defeated Milwaukee 5-3 in the ninth on George Crowe's record-setting pinch-hit home run. Cincinnati defeated the Chicago Cubs and Don Cardwell 7-4 in a game held to 7 1/2 innings by rain.

In the American League, Baltimore retained a half-game lead with a 3-2 victory over Chicago's White Sox. Second place Cleveland defeated Washington 1-0 in 11 innings as Jim Perry outduelled Bill Fischer. Detroit tied New York for fourth place, beating the Yankees 9-3. And Boston ended its losing streak at 10 with a 5-3 victory at Kansas City.

The Dodgers beat Robin Roberts (1-5) with Willie Kirkland's two-run homer in the second inning. McCormick walked two and struck out two.

The Dodgers won their fourth in a row, scoring their first four runs on homers by Howard, John Roseboro and pinch-hitter Don Demeter. Howard's second of the year sailed over the left field fence at Forbes Field. Right-hander Don Drysdale, winless for a month, squared his record at 4-4 with a five-hitter.

Jim Umbricht (0-2) was the loser as a replacement for Bob Friend, who failed to start because of a throat infection.

Crowe's first home run of the season, a two-run shot off losing reliever Don McMahon (1-4), was his 11th as a pinch-hitter, breaking a tie with Smokey Burgess (Pittsburgh) and Gus Zernial (Detroit) for the major league career record. Warren Spahn went eight innings for the Braves and allowed only three hits, but two were home runs by Ken Boyer.

Larry Jackson (4-5) won his third in a row, giving up nine hits but shutting out Milwaukee after Joe Adcock's two-run double in the third.

The Reds socked Cardwell (2-3) for six hits and five runs, chasing the right-hander when he scored four in the third. Zinnielio Chacon's single brought home the clincher. Southpaw Jim O'Toole (4-4) won it.

Chuck Estrada, 22, a right-handed rookie, allowed only five hits for a 3-2 victory over 40-year-old Early Wynn at Chicago Wednesday that gave the Orioles a sweep of the two-game series. It was Steve Barber, a 21-year-old southpaw rookie, who plunked the White Sox out of first place with a seven-hitter Tuesday.

And Wednesday night, Jim Perry, an old hand at 24, pitched an 11-inning shutout for Cleveland as the Indians defeated Washington 3-0 and stayed within a half game of Baltimore.

Detroit tied New York for fourth place, three games behind, by beating the Yankees 9-3. And Boston finally junked its losing slump at 10 games, defeating Kansas City 5-3.

In the National League, San Francisco gained a one game edge with a 5-1 victory at Philadelphia while the Los Angeles Dodgers were handing Pittsburgh a third straight loss, 5-1. St. Louis beat Milwaukee 5-3 and Cincinnati whipped Chicago's Cubs 7-4.

Estrada (3-1) walked four but

Affidavit Law Labeled Ineffective

BY THE ASSOCIATED PRESS
The state teacher affidavit law has been labeled "ineffective, unnecessary and insulting," by Joe C. Hardin, a candidate for governor.

"And longevity in office, an issue in the governor's race, also has become a topic in the campaign for lieutenant governor."

Hardin, speaking in Fayetteville, attacked the teacher affidavit law. At 10 of 1958, as unnecessary because a Communist wouldn't

hesitate to lie and insulting because it singles out teachers for suspicion.

The controversial law requires teachers, including college professors, to list organizations to which they have belonged or contributed during the past five years.

Hardin earlier took issue with a prediction by Gov. Orval E. Faubus that he not only will win a fourth term, but will capture the office without a runoff. Hardin said: "He's trying to make people think he's invincible."

While other candidates for governor were quietly active, Little Rock insurance man LeRoy Hickman opened his campaign for the state's second highest office with a blast last night against seven-term Lt. Gov. Nathan Gordon.

Hickman, in radio addresses in Morrilton and Little Rock, said that "seven consecutive terms in the same office should be ample." He added, "I do not believe that any man has a long-term lease or a lifetime right to hold any office."

Gordon, a World War II winner of the Congressional Medal of Honor, is seeking election on an eighth time. He has not had opposition in the past few primaries.

Hardin was the only candidate to hit back yesterday at Faubus' prediction of victory over his four opponents in the July 26 primary. Unless Faubus pulls more votes for the Democratic nomination than all his foes combined, a runoff primary will be required Aug. 9.

Of the other candidates, Atty. Gen. Bruce Bennett was reported campaigning in Central Arkansas. Hal Millsap Jr. continued his bus visiting in eastern Arkansas and H.E. Williams was in Walnut Ridge for the Southern Baptist College graduation.

Charge of Price Fixing Is Probed

MEMPHIS, (AP) — A federal grand jury has opened an investigation of charges that the prices of building supplies in this area are fixed.

A score of witnesses were called to testify behind closed doors yesterday. The case is being handled by anti-trust lawyers from the Justice Department in Washington.

Conspiracy to fix prices at a high level violates anti-trust laws. Willford Whitley, heading the government legal forces, said there had been numerous conspiracy complaints from this area.

Whitley said he expects the probe to last about two months. About 25 Memphis building supply firms have been subpoenaed in the case.

Chile Counts Mounting Death Toll

By RAUL DUQUE
SANTIAGO, Chile (AP) — New tidal waves lashed the Chilean shore today in the wake of continuing earthquakes in southern Chile and seven erupting volcanoes covered the devastated scene with smoke and ash.

Authorities put the toll from five days of horror at nearly 2,000 dead or missing. Two million were believed homeless.

Smoke from six existing volcanoes and one newly stirred to life rose more than 21,000 feet above the stricken countryside. Landslides rumbled down from mountain slopes.

The erupting volcanoes were Osorno, Puchic, Cautin, Casablanca, Peulla, Carral and a new one formed by the quakes Saturday and Sunday.

The new volcano rose southwest of the Rihine River in Cautin province. The Interior Ministry reported the earth sank as much as 1,000 feet over an area 25 miles in diameter.

Chile's national police announced two new lakes were formed by the earthquakes in the mountains near Lake Rihine in the Valdivia area.

The Interior Ministry said all the 150 inhabitants of an island in the Chiloe Archipelago are missing after a tidal wave. The government had not been able to get news of the other 23 small islands in the group.

The government had not even begun reckoning the property damage caused by the earth convulsions, but the Interior Ministry

said it would run to many hundreds of millions of dollars. Reconstruction will take many years, it said.

Tidal waves spawned by the quakes were taking the heaviest toll. One surging wall of water carried 630 of the 800 residents of Quelen to death Sunday, the Interior Ministry said. Another wave killed more than 100 at Aleta Tuesday.

An 18-foot crest broke over the seaside resort of Mejun Tuesday, drowning 120 persons. Other reports told of whole villages swept away by waves up to 24 feet high. At least 600 persons were missing in three southern provinces.

Two Chilean freighters, the Santiago and El Canelo, went down in mountainous seas off Puerto Corral. All aboard were believed lost.

New quakes spread terror, rocking the mountainous southern provinces. Landslides crashed into the Pacific at Maullin, a town of 1,600 about 600 miles south of Santiago.

At least five volcanoes were brought to life by the earth seizures and a new one was reported born.

Four volcanoes—Osorno, Cautin, Carral and Casablanca—were erupting in Osorno province about 500 miles south of Santiago, officials said. Communities in the area were ordered evacuated.

A pilot reported that 7,350-foot Puyehue, near Osorno, also was belching fire. In Cautin province to the north a new volcano began spitting flame and smoke.

Says Faubus Thrives on 'Discontent'

FAYETTEVILLE, Ark. (AP) — Joe C. Hardin predicted today that Gov. Orval E. Faubus will use "social discontent" in his campaign for a fourth term.

The Grady planter, one of four men opposing Faubus' bid for renomination, told a group of Fayetteville attorneys that Faubus used social discontent to win a third term in 1958 and he "hopes to make use of the same damage, appeal this year."

"I view this with genuine fear," Hardin said. "This is the tool of a dictator. He must find some emotional issue to perpetuate himself in office until he has gained complete control of the election machinery, then free elections are impossible."

Hardin has hammered hard at the fourth term aspect of the campaign in a swing through north-west Arkansas. Faubus' home territory. He is scheduled to address a group of University of Arkansas students tonight and to appear at a series of informal meetings in Fort Smith tomorrow.

U.S. Carrier and German Ship Collide

NORFOLK, Va. (AP)—The air craft carrier Saratoga and the West German ship Berndt Leonhardt collided 200 miles off Cape Henry early today in clear weather and calm seas.

Atlantic Fleet Headquarters reported no one on either ship was injured in the sideswiping crash but that both vessels were damaged on their port sides, the lighter heavily.

There was no immediate explanation of the cause of the collision, the Navy said.

The 60,000-ton Saratoga, the nation's largest, returned to Hampton Roads for a damage survey. The merchantman came into Chesapeake Bay and headed for Baltimore, Md.

The collision ruptured jet fuel lines on the carrier, starting a fire, which was put out quickly. Two of the Saratoga's gun mounts and a section of her catwalk were damaged.

The freighter reported she was damaged heavily along the water line. She said her bridge and living quarters on the left side were

"totally damaged" and a mast was knocked over the side.

She headed for Baltimore at 12 knots after arriving in Chesapeake Bay under escort of the destroyer Strikling.

The 1,040-ton Saratoga was en route from Norfolk to Mayport, Fla. The Berndt Leonhardt, of 16,800 deadweight tons and 485 feet long, sailed from Hamburg, Germany, May 3 for Puerto Ordaz, Venezuela.

The carrier has a complement of 3,500 officers and men; the freighter a crew of 35.

Capt. Alan F. Fleming of Iowa City, Iowa, is the Saratoga's skipper.

The Saratoga sailed from Norfolk Tuesday afternoon. She recently completed a three-month overhaul period in the New York naval shipyard, which installed new lighting equipment. The Navy plans to evaluate in operations at sea next month.

Legislature to Get Nursing Issue

LITTLE ROCK (AP)—Only the Legislature can resolve the conflicts and confusion of laws regulating private nursing homes, an Arkansas Legislative Council research report says.

The report summarizes studies begun at Council direction after Gov. Orval E. Faubus criticized operation of some nursing homes last summer.

The Council's Public Health and Welfare Committee is expected to hold hearings after receiving the report.

At present, state laws provide for both the Health and the Welfare Departments to license nursing homes. Faubus directed that the Health Department only license them, but the report said the Legislature should get to determine which agency should license the homes.

ending a two-day training school in Little Rock.

The field survey will last 10 days, then results will be tabulated here and forwarded to Washington, where overall results will be studied.

Goal of the field survey is to develop a more accurate method of estimating production of major crops and livestock.
